Break The Ice Kevin P Gardner

Sam wants nothing more in life than to help his mom beat the cancer that sent her to the hospital for the umpteenth time that month. Everybody they go to for help say it's useless to try. Experts, doctors, specialists. Nothing but hopelessness. He never expected the cure to come from the commanding officer of an alien army. The catch? One simple mission.

When a millennia-long, interplanetary war lands on Earth, nobody would have expected the planet's fate to fall into the hands of Sam Adams. He isn't exactly what his fellow students call talented. Shy, weird, and tall, maybe. Cue two alien races breaking through to Earth. One wants peace, the other only cares for power – and both claim to be the good guys. Who can you choose to trust but the ones helping save your mom?
