Persuasion: Command Attention / Hold Their Interest / Get What You Want Tom Gorman

To get what you want-be it in business or life-you've got to get people to give it to you. While you can use intimidation, manipulation, and seduction to achieve your objectives, such tactics won't win allies for the long haul. *Persuasion* outlines the process of influencing others and, most importantly, how to apply it. Inside you'll find answers to questions such as:

- How much should I reveal about a plan or project?
- How can I determine someone's true level of interest?
- How can I discern another's needs-and talk about my own-in a business situation?

In today's business world, education, intelligence, and hard work alone won't deliver a win. The ability to persuade is the great differentiator and *Persuasion* gives you the tools needed to seal the deal.
