Statistical Handbook on Consumption and Wealth in the United States (Oryx Statistical Handbooks)

Statistical Handbook on Consumption and Wealth in the United States (Oryx Statistical Handbooks)

Analyzing the Gross National Product (GNP) and other national economic statistics is one way to look at the financial well being of a country. Another more revealing and more interesting way is to analyze the variety and amount of goods and services consumed by citizens, businesses, and the various levels of government. The *Handbook* presents a systematic and statistical portrait of consumption and wealth, allowing readers to better understand America's economic, political, and cultural landscape. This handbook focuses on the latest statistical information available on U.S. spending habits by exploring a wide range of economic, demographic, and geographic variables.
