Levels of Personality

Mark Cook

Levels of Personality Mark Cook

A completely revised and updated edition of a much-acclaimed textbook providing a critical introduction to human personality for psychology students. Levels of Personality carefully avoids the traditional 'catalogue of theories' approach. Instead it relates theories to each other within a conceptual framework of different levels of behaviour, moving inwards and downwards from 'surface level' explanations. Analytic case studies then apply these levels of understanding to areas of special interest such as aggression and sexuality. The author adopts a deep analytical and critical approach and questions whether personality theory and research have really addressed important questions, or produced useful answers. This new edition incorporates two new chapters on personality disorders and on personality in the workplace, as well as improved pedagogical features including statistics boxes, assessment boxes, relevant websites and key references for each chapter.

From reader reviews:

Robert Crawford:

Spent a free a chance to be fun activity to perform! A lot of people spent their free time with their family, or their very own friends. Usually they performing activity like watching television, gonna beach, or picnic in the park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Could be reading a book may be option to fill your free of charge time/ holiday. The first thing that you'll ask may be what kinds of e-book that you should read. If you want to try out look for book, may be the reserve untitled Levels of Personality can be great book to read. May be it might be best activity to you.

Hae Hughes:

Why? Because this Levels of Personality is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will zap you with the secret the item inside. Reading this book next to it was fantastic author who also write the book in such wonderful way makes the content inside of easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of advantages than the other book include such as help improving your ability and your critical thinking way. So , still want to hold off having that book? If I have been you I will go to the guide store hurriedly.

Steven Connell:

In this period globalization it is important to someone to find information. The information will make professionals understand the condition of the world. The healthiness of the world makes the information easier to share. You can find a lot of recommendations to get information example: internet, paper, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. Typically the book that recommended for you is Levels of Personality this reserve consist a lot of the information on the condition of this world now. This particular book was represented how do the world has grown up. The words styles that writer require to explain it is easy to understand. Often the writer made some investigation when he makes this book. That is why this book appropriate all of you.

Ana Smith:

That reserve can make you to feel relax. This kind of book Levels of Personality was colorful and of course has pictures on there. As we know that book Levels of Personality has many kinds or category. Start from kids until teenagers. For example Naruto or Detective Conan you can read and think you are the character on there. So , not at all of book are generally make you bored, any it offers up you feel happy, fun and rest. Try to choose the best book for you and try to like reading this.
