**The Afghan Papers: Committing Britain to War in Helmand, 2005-06 (Whitehall Papers)** Michael Clarke

In 2006, British forces entered the Helmand Province of Afghanistan in what would become one of the defining military campaigns of the decade. At great cost in blood and treasure, the UK waged a protracted counter-insurgency against a resurgent Taliban.

But how was the decision taken to commit Britain to such a difficult and drawn out campaign? *The Afghan Papers* is the result of private interviews with and frank contributions by some of the most important actors in the fateful decision. Former generals, politicians and civil servants contribute to an original RUSI analysis that provides a startling insight into the decision to commit the UK to a war – a decision wracked by conflict, incoherence and confusion.
