**Money, Markets, and Sovereignty (A Council on Foreign Relations Book Seri) (Council on Foreign Relations Books)** Benn Steil

*Winner of the 2010 Hayek Book Prize given by the Manhattan Institute*

"*Money, Markets and Sovereignty* is a surprisingly easy read, given the complicated issues covered. In it, Mr. Steil and Mr. Hinds consistently challenge today's statist nostrums."—Doug Bandow, *The Washington Times*

In this keenly argued book, Benn Steil and Manuel Hinds offer the most powerful defense of economic liberalism since F. A. Hayek published *The Road to Serfdom* more than sixty years ago. The authors present a fascinating intellectual history of monetary nationalism from the ancient world to the present and explore why, in its modern incarnation, it represents the single greatest threat to globalization.

Steil and Hinds describe the current state of international economic relations as both unusual and precarious. Eras of economic protectionism have historically coincided with monetary nationalism, while eras of liberal trade have been accompanied by a universal monetary standard. But today, the authors show, an unprecedentedly liberal global trade regime operates side by side with the most extreme doctrine of monetary nationalism ever contrived—a situation bound to trigger periodic crises. Steil and Hinds call for a revival of the political and economic thinking that underlay earlier great periods of globalization, thinking that is increasingly under threat by more recent ideas about what sovereignty means.

#### **Patricia Dennis:**

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just little students that has reading's soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring along with can't see

colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Money, Markets, and Sovereignty (A Council on Foreign Relations Book Seri) (Council on Foreign Relations Books) can make you really feel more interested to read.
