## **The Roads to Congress 2010** Sean D. Foreman, Robert Dewhirst

The 2010 Midterm Elections were momentous in the history of U.S. campaigns. Readers of this book will follow the path of seven House and six Senate races from inception to election postmortem. The chapters are both narrative and provide analysis of an array of interesting and diverse contests from throughout the country. Each entry was written by one or more experts living in the state or region of the race. The authors provide succinct and highly readable chapters meant to illustrate the distinctive nature of the campaigns they are examining. Readers will see individual campaigns and elections "up close" and be able to compare and contrast one from another because of the common format employed throughout the book. Taken together, the chapters reveal that the roads to Congress, while similar in so many ways, each follow a unique route to Capitol Hill.
