Many companies are facing the challenge of addressing and implementing virtual environments. This book offers best practices for successful virtual projects and the most effective ways to create and implement a PMO in the virtual environment. For those individuals who are considering a PMO in their organization, this book provides a practical, proven implementation plan. For those who are creating a new PMO in a company that has many distributed virtual projects, this book provides guidance with the business case process and day-to-day implementation. For companies that already have a PMO, this book explains what needs to change in their environment to assist the virtual project manager and keep the company out of legal trouble.
