## **Local Partnership and Social Exclusion in the European Union: New Forms of Local Social Governance? (Routledge Studies in Governance and Public Policy)**

This book explores local partnership-based initiatives to tackle European-wide problems of poverty and social exclusion. A major comparative study of the fast developing theme of social exclusion, the contributors look at its causes, effects and at the ways it might be combatted. Based on in-depth, cross-national research from areas across Europe it provides a uniquely authoritative account of the complexities of policy development in the EU, and will be invaluable to researchers in European studies, politics, and economics.
