The ideas which have defined and informed Christian priesthood in the past are now called into question more than at any time since the Reformation. Is there such a thing as a Christian cult? Is Christian worship in any other way sacrificial? How can ordained Christians be seen as part of a ministerial priesthood distinct from other believers? What does it mean to teach with authority within and on behalf of the Church? When Michael Ramsey wrote *The Christian Priest Today* he could assume that the priest would be seen as a man of the Eucharist, a confessor, an intercessor and an exponent of the Church's teaching. In the contemporary Church none of these things can be taken for granted in the same way. This book seeks to re-pristiniate the doctrine of ministerial priesthood by setting it within the context of fundamental moral theology - to recall readers from all Christian traditions to the fundamental soundness of the concept of ministerial priesthood and its importance in contemporary ecumenical dialogue, liturgical reform and pastoral planning.
