## **Vascular Diseases in Neonates, Infants, and Children: Interventional Neuroradiology Management**

Pierre Lasjaunias

Here, the number-one authority in the field, Professor Pierre Lasjaunias provides a comprehensive and consistently structured presentation of all vascular malformations, diseases and tumours of the head and neck, skull base, brain, spine and spinal cord in neonate infants and children. This is the only book on the market to discuss the topic in such detail and - with several algorithms to help readers better understand the natural history of the diseases - the focus is clearly on the interventional neuroradiological approach and management. Some of todays most advanced MRIs are included among the over 700 high-quality illustrations.
