The A-spot Orgasm: The Elusive Super Orgasm Michelle Tallia

Research for this book was taken from 137 PS-Spot and A-spot related websites, as well as numerous medical journals.

The A-spot is a patch of sensitive tissue at the inner end of the vaginal tube between the cervix and the bladder. It's often described as the 'female degenerated prostate'.

Those women who have the A-spot (and most do) first need it discovered, and may need it developed. There is no doubt that it can provide tremendous pleasure.

Many women who enjoy anal sex do so at least partially because of their A-spot.

This book comes with two additional books. Your books are presented in this order:

1. THE PS-SPOT ORGASM: Don't Wait Any Longer For This Kind of Pleasure
2. Special Things To Do During 3 Hours of Sex; A Step-by-step Guide (*This book has kinky overtones*)
3. The A-spot Orgasm: The Elusive Super Orgasm

Publisher's Warning: These ebooks are sexually oriented and discuss and present sexual information and situations.
