Gli adolescenti e la rete (Le bussole) (Italian Edition) Barbara Volpi

Nati e cresciuti nell'era digitale, molti ragazzi non hanno memoria di come si possa entrare in relazione con gli altri, divertirsi, apprendere senza l'ausilio degli strumenti multimediali. La tecnologia aumenta il divario fra le generazioni e spetta agli adulti acquisire le competenze necessarie per monitorare le inevitabili e continue incursioni dei più giovani in Rete.

Il testo descrive il rapporto dell'adolescente con la multimedialità in un'ottica di integrazione tra aspetti psicologici, psicodinamici e neuroscientifici. L'obiettivo è fornire ai ragazzi, in primis, ma anche ai genitori, agli insegnanti e a tutti coloro che hanno a che fare con gli adolescenti, uno strumento utile e maneggevole per comprendere le modalità di utilizzo della Rete, evidenziandone le straordinarie potenzialità ma anche i pericoli.
