Power: Oppression, Subservience, and Resistance

Raymond Angelo Belliotti

Power: Oppression, Subservience, and Resistance Raymond Angelo Belliotti

Deepens our understanding of power through a survey of how its dynamics have been understood from ancient times to the present.

Frequently understood in simplistic and often highly negative terms, the concept of power has proven to be both uncommonly intriguing and maddeningly elusive. In *Power*, Raymond Angelo Belliotti begins by fashioning a general definition of power that is refined enough to capture the numerous types of power in all their multifaceted complexity. He then proceeds in a series of discrete yet thematically connected meditations to explore the meaning of power in ancient, modern, and contemporary thought. In grappling with the critical questions surrounding the accumulation, distribution, and exercise of personal and social power, this work allows us to confront fundamental questions of who we are and how we might live better lives.

Raymond Angelo Belliotti is SUNY Distinguished Teaching Professor of Philosophy at the State University of New York at Fredonia. He is the author of many books, including *Machiavelli's Secret: The Soul of the Statesman*, also published by SUNY Press.
