## **Wake Up!!!: How the Coming War With Islam Has Already Been Lost By the West and What Th**

Theo van Gogh

This book was written for the 'average person anywhere in the world.' It was written in simple terms for those who want to understand why there has been so much Islamic violence in the world and why this violence is increasing. I recommend generally that readers ensure their understanding of the stark reality and degree of the threat the non-Muslim world faces and prepare for it. In this case however, it was written especially for those in the USA because the dream of radical Islam is to capture the USA. This second edition updates the first edition which was published pre-ISIS.
