Short Handbook of Communist Ideology: Synopsis of the 'Osnovy marksizma-leninizma' with complete index (Sovietica) H. Fleischer

We have once again decided to publish in our series a source-text for the study of Communist ideology. This synopsis of Principles of Marxism Leninism 1 (published at the end of 1959 and widely distributed in the Soviet Union) appears as a sequel to that of the Principles of Marxist Philosophy which I published in 1959 as The Dogmatic Principles of Soviet Philosophy. This book is a corporate work, done by some forty Soviet philosophers, sociologists, economists, Party-theoreticians and propagandaists, under the direction of O. V. Kuusinen (member of the Praesidium of the Communist Party of the Soviet Union). Except for a few clarifications, we have restricted ourselves to presenting the most important parts of the original text in an original translation which provides the material, in an authentic and handy form, for our Institute's courses in Sovietology. In comparison to the other parts, the philosophical portions (Sections 1 and 2) have been held to a minimum since they repeat, for the most part, material which is already available in the synopsis of the Principles of Marxist Philosophy. I wish to thank the Rockefeller Foundation for their support which has made possible the research of our Institute as well as the preparation of the present work. J. M. BOCHENSKI 1 The original Russian title is: Osnovy marksizma-leninizma. Uchebnoe posobie (Text book), Gosudarstvennoe izdatel'stvo politicheskoy literatury (State Publishing House for Political Literature), Moskva, 1959, 774 pages, 300 000 copies.
