**The Battle for Wisconsin: Scott Walker and the Attack on the Progressive Tradition** Andrew E. Kersten

This past January, the newly elected governor Scott Walker declared war on Wisconsin's progressive roots. Under the guise of budget repair, he and his Republican colleagues in the state legislature introduced a whole host of initiatives meant to roll back hard-won gains for workers and recast the role of government in the state to fit his own conservative ideology.

In *The Battle for Wisconsin*, the labor historian Andrew E. Kersten shows just how far-reaching these "reforms" really are—and why they fly in the face of the state's long progressive tradition. Kersten is a Wisconsin native, a product of the state's renowned public education system that is now under attack. In this eye-opening new book, he takes us back to the days of the robber barons, explaining why our forefathers fought so hard for real reform in the Progressive Era and why those principles are worth protecting today.
