## Creatività & Narrazione (Italian Edition) Gian Pegoretti

Grazie a linguaggio e immaginazione il mondo in cui viviamo è ricco di significati. L'ipotesi centrale su cui poggia tutto questo libro è che la creatività narrativa sia un'attività intrinseca della mente umana. Se è così, come possono dei processi mentali spontanei diventare invenzione di una storia?

Tutto questo libro costituisce una risposta a tale domanda. Per prima cosa viene affrontato il tema del potenziale creativo: l'idea di fondo è che il pensiero sia un'attività creativa. E che sia del tutto normale usare il linguaggio per esprimere questa creatività. In seconda battuta vengono esaminati alcuni modi per tradurre il potenziale creativo in narrazione. Il terzo step è il gioco di ruolo, inteso come momento di espressione creativa consapevole e comunitaria. L'ultima parte tratta le tecniche idonee a riadattare la narrazione creata in modo collaborativo, durante il gioco, in una forma letteraria. L'intento profondo di questo scritto è offrire un tributo al piacere di inventare.
