El periodismo del futuro: La era digital, impunidad y corrupcción (Spanish Edition) José Espino-Pérez
Los nuevos formatos de presentación y consumo de contenidos informativos han obligado a los periodistas a buscar una reinvencción permanente. En cualquier caso, asegura José Pérez-Espino, sobrevivirán los medios que apuesten por la investigación para dar sentido a la pluralidad, siempre que usen las herramientas digitales disponibles bajo principios éticos y de compromiso con sus lectores.

Sin embargo, la tecnología y las redes sociales no representan una amenaza real para el periodismo: las verdaderas amenazas son la impunidad y la indolencia en las agresiones y los asesinatos de comunicadores. En tal contexto, asegura José Pérez-Espino, resulta fundamental exigir a las autoridades investigaciones puntuales para aclarar los crímenes y hacer justicia. Sin duda, estamos ante un reportaje contundente y de gran actualidad que aborda los elementos necesarios para emprender una urgente reflexión acerca del futuro de ese oficio de alto riesgo llamado periodismo.
